Mr. Michael Stoner
Environmental Protection Agency
Region 10 Superfund Branch
1200 Sixth Avenue HW-113
Seattle, Washington 98101

Dear Mr. Stoner:

Superlon Plastics Company Inc. has been at its current address since September 1972, at which time it entered into a lease agreement with Mr. Ragnar Nars, whose address is (b) (6) Tacoma, Washington 98403.

Mr. Nars purchased the property and buildings located at 2116 Taylor Way from the Justus Company, a Washington Corporation, in February 1972. The total area of land purchased was 133,293.6 square feet. To our knowledge the list of land owners which was sent to us is correct.

Superlon Plastics Company has been a manufacturer and distributor of polyethylene pipe since 1972 at this location. The product is used primarily for the transportation of potable drinking water by the plumbing industry. The raw material that is used is supplied mostly by Soltex Company of Houston, Texas and shipped by hopper rail car. Polyethylene raw material comes to Superlon in pelletized form direct from the suppliers which means no compounding is done at Superlon.

Other products that Superlon distributes are PVC pipe and fittings for water, drain and sewer use, along with PVC solvents and primer, which come sealed in metal cans, a MSD sheet is included.

The only disposable product from our manufacturing with a MSD rating is the lubricating oil used in our gear case on the extruder. The quantity used per year averages approximately 25 gallons. The gear case lubricant we are using at this time is Shell Turbo Oil #220 which we purchase in five gallon plastic buckets. The old oil is disposed of through Petroleum Services whose address is 3003 Taylor Way, Tacoma, Washington.

page 2

Superlon Plastics Company has its insurance through its agent Persing Dyckman and Toynbee Inc. whose address is 705 South Ninth, Tacoma, Washington and will supply a copy of the policy if it is necessary.

Please note the enclosures: a map of the property, MSD sheets on solvents and primers, specification sheet on polyethylene raw material.

If any further information is required, please let me know.

Yours very truly,

SUPERLON PLASTICS COMPANY

A handwritten signature in blue ink, reading "Donald Richards", is written over the typed name.
